Subject Index

NURSING RESEARCH, INDEX TO VOLUME 54, JANUARY TO DECEMBER 2005
MOLLY C. DOUGHERTY, PhD, RN, FAAN, EDITOR

Adherence
Midlife women's adherence to home-based walking during maintenance (Wilbur, Vassalo, Chandler, McDevitt, Miller), 33

African American Women
African American women, metabolic syndrome, and National Cholesterol Education Program criteria: a pilot study (Appel, Floyd, Giger, Weaver, Luo, Hannah, Ovalle), 339

Age/Aging
A framework for studying the nutritional health of community-dwelling elders (Chen), 13

Aggression
Reducing assaults against nursing home caregivers (Gates, Fitzwater, Succop), 119

Agitation
Efficacy of theory-based activities for behavioral symptoms of dementia (Kolanowski, Litaker, Buettner), 219

American Nurses Foundation
Celebrating 50 years of service 1955-2005 (Guest Editorial) (ANF Board of Trustees), 147

Anger
Anger dysregulation, depressive symptoms, and health in married women and men (Carrèr, Mittmann, Woodin, Tabares, Yoshimoto), 184

Autism
Evaluating in-home training for fathers of children with autism using single-subject experimentation and group analysis methods (Elder, Valcante, Yarandi, White, Elder), 22

Bayesian Networks
Logistic regression and Bayesian networks to study outcomes using large data sets (Lee, Abbott, Johantgen), 133

Behavior
Predictors of professional nursing practice behaviors in hospital setting (Manojlovich), 41
Testing the theory of planned behavior to predict mammography intention (Steele, Porche), 332

Behavioral Intervention
Effectiveness of a behavioral change intervention in Thai elders after knee replacement (Harnirattisai, Johnson), 97

Behavioral Symptoms
Efficacy of theory-based activities for behavioral symptoms of dementia (Kolanowski, Litaker, Buettner), 219

Behavior Change Interventions
Treatment fidelity in behavior change research: a case example (Resnick, Inguito, Orwig, Yahiro, Hawkes, Werner, Zimmerman, Magaziner), 139

Bloodstream Infection
Predicting nosocomial bloodstream infections using surrogate markers of injury severity (El-Masri, Hammad, Fox-Wasylyshyn), 273

Breast Cancer
An analytic strategy for modeling multiple-item responses: a breast cancer symptom example (Doorenbos, Verbitsky, Given, Given), 229

Burnout
Multilevel modeling of a clustered continuous outcome: nurses' work hours and burnout (Park, Lake), 406

Cancer
An analytic strategy for modeling multiple-item responses: a breast cancer symptom example (Doorenbos, Verbitsky, Given, Given), 229
Evaluating quality of life in children with cancer using children's self-reports and parent-proxy reports (Yeh, Chang, Chang), 354

Cardiovascular Disease
Effectiveness of a nursing inpatient smoking cessation program in individuals with cardiovascular disease (Chouinard, Robichaud-Ekstrand), 243
Family education and support interventions in heart failure: a pilot study (Dunbar, Clark, Deaton, Smith, De, O'Brien), 158
Structural model for quality of life of patients with chronic cardiovascular disease in Korea (Han, Park, Park, Cheol), 85

Caregivers
Developing and testing a self-care intervention for older adults in caregiving roles (Teel, Leenerts), 193

Case Management
Clinical outcomes of aging in place (Marek, Popejoy, Petroski, Mehr, Rantz, Lin), 202
A meta-analysis of the effect of a hospital-based case management on hospital length-of-stay and readmission (Kim, Soeken), 255

Cash Incentives
Does it pay to pay? A randomized trial of prepaid financial incentives and lottery incentives in surveys of nonphysician healthcare professionals, (Ulrich, Danis, Koziol, et al), 178

Centering
Impact of centering first-level predictors on individual and contextual effects in multilevel data analysis (Wu, Wooldridge), 212

Chinese American Population
Culturally tailored diabetes education program for Chinese Americans: a pilot study (Wang, Chan), 347

Clustered Data
Multilevel modeling of a clustered continuous outcome: nurses' work hours and burnout (Park, Lake), 406

Cognitive Appraisal
Profiles of self-rated health in midlife adults with chronic illnesses (Finnegan, Marion, Cox), 167

College Health Programs
Dating violence in college women: associated physical injury, healthcare usage, and mental health symptoms (Amar, Gennaro), 235

Community-based Care
Clinical outcomes of aging in place (Marek, Popejoy, Petroski, Mehr, Rantz, Lin), 202

Compression
Effects of three groin compression methods on patient discomfort, distress and vascular complications following a percutaneous coronary intervention procedure (Chlan, Sabo, Savik), 391

Consolidated Standards of Reporting Trials (CONSORT)
Guidelines for reporting randomized trials (Bennett), 128

Content Validity
Evaluating content validity for children's self-report instruments using children as content experts (Stewart, Lynn, Mishel), 414

Contextual Effect
Impact of centering first-level predictors on individual and contextual effects in multilevel data analysis (Wu, Wooldridge), 212

Coronary Angioplasty
Effects of three groin compression methods on patient discomfort, distress and vascular complications following a percutaneous coronary intervention procedure (Chlan, Sabo, Savik), 391

Cost Analysis
Use of time studies for determining intervention costs (Findorff, Wyman, Croghan, Nyman), 280

Cultural Competence Assessment
Psychometric evaluation of the cultural competence assessment instrument among healthcare providers (Doorenbos, Schim, Benkert, Borse), 324

Culturally Tailored Interventions
Culturally tailored diabetes education program for Chinese Americans: a pilot study (Wang, Chan), 347

CuSum (Cummulative Summation)
Application of CuSum technique to evaluate changes in recruitment strategies (McNees, Dow, Loerzel), 399

Decisional Involvement Scale
The staff nurse Decisional Involvement Scale: report of psychometric assessments (Havens, Vasey), 376

Decision-making
The staff nurse Decisional Involvement Scale: report of psychometric assessments (Havens, Vasey), 376

Dementia
Efficacy of theory-based activities for behavioral symptoms of dementia (Kolanowski, Litaker, Buettner), 219

Depression
Anger dysregulation, depressive symptoms, and health in married women and men (Carrèr, Mittmann, Woodin, Tabares, Yoshimoto), 184

Diabetes Mellitus
Culturally tailored diabetes education program for Chinese Americans: a pilot study (Wang, Chan), 347

Discrimination
Health disparities, social injustice, and the culture of nursing (Giddings), 304

Downs, Florence
In Memoriam, 373

Editorial (Department)
Read fiction to know nursing (Dougherty), 73
Research thrust changing? At risk (Blegen), 1
A unique collaboration on a national goal (Dougherty), 287

Education
Culturally tailored diabetes education program for Chinese Americans: a pilot study (Wang, Chan), 347
Evaluating in-home training for fathers of children with autism using single-subject experimentation and group analysis methods (Elder, Valcante, Yarandi, White, Elder), 22
Family education and support interventions in heart failure: a pilot study (Dunbar, Clark, Deaton, Smith, De, O'Brien), 158

Emotional Intelligence
Mitigating the impact of hospital restructuring on nurses: the responsibility of emotionally intelligent leadership (Cummings, Hayduk, Estabrooks), 2

Ethical Issues
Research environments that promote integrity (Jeffers), 63

Subject Index

NURSING RESEARCH, INDEX TO VOLUME 54, JANUARY TO DECEMBER 2005
MOLLY C. DOUGHERTY, PhD, RN, FAAN, EDITOR

Adherence
Midlife women's adherence to home-based walking during maintenance (Wilbur, Vassalo, Chandler, McDevitt, Miller), 33

African American Women
African American women, metabolic syndrome, and National Cholesterol Education Program criteria: a pilot study (Appel, Floyd, Giger, Weaver, Luo, Hannah, Ovalle), 339

Clinical outcomes of aging in place (Marek, Popejoy, Petroski, Mehr, Rantz, Lin), 202
A meta-analysis of the effect of a hospital-based case management on hospital length-of-stay and readmission (Kim, Soeken), 255

Cash Incentives
Does it pay to pay? A randomized trial of prepaid financial incentives and lottery incentives in surveys of nonphysician healthcare professionals, (Ulrich, Danis, Koziol, et al), 178

Centering
Impact of centering first-level predictors on individual and contextual effects in multilevel data analysis (Wu, Wooldridge), 212

Chinese American Population
Culturally tailored diabetes education program for Chinese Americans: a pilot study (Wang, Chan), 347

Clustered Data
Multilevel modeling of a clustered continuous outcome: nurses' work hours and burnout (Park, Lake), 406

Cognitive Appraisal
Profiles of self-rated health in midlife adults with chronic illnesses (Finnegan, Marion, Cox), 167

College Health Programs
Dating violence in college women: associated physical injury, healthcare usage, and mental health symptoms (Amar, Gennaro), 235

Community-based Care
Clinical outcomes of aging in place (Marek, Popejoy, Petroski, Mehr, Rantz, Lin), 202

Compression
Effects of three groin compression methods on patient discomfort, distress and vascular complications following a percutaneous coronary intervention procedure (Chlan, Sabo, Savik), 391

Consolidated Standards of Reporting Trials (CONSORT)
Guidelines for reporting randomized trials (Bennett), 128

Content Validity
Evaluating content validity for children's self-report instruments using children as content experts (Stewart, Lynn, Mishel), 414

Contextual Effect
Impact of centering first-level predictors on individual and contextual effects in multilevel data analysis (Wu, Wooldridge), 212

Coronary Angioplasty
Effects of three groin compression methods on patient discomfort, distress and vascular complications following a percutaneous coronary intervention procedure (Chlan, Sabo, Savik), 391

Cost Analysis
Use of time studies for determining intervention costs (Findorff, Wyman, Croghan, Nyman), 280

Cultural Competence Assessment
Psychometric evaluation of the cultural competence assessment instrument among healthcare providers (Doorenbos, Schim, Benkert, Borse), 324

Culturally Tailored Interventions
Culturally tailored diabetes education program for Chinese Americans: a pilot study (Wang, Chan), 347

CuSum (Cummulative Summation)
Application of CuSum technique to evaluate changes in recruitment strategies (McNees, Dow, Loerzel), 399

Decisional Involvement Scale
The staff nurse Decisional Involvement Scale: report of psychometric assessments (Havens, Vasey), 376

Decision-making
The staff nurse Decisional Involvement Scale: report of psychometric assessments (Havens, Vasey), 376

Dementia
Efficacy of theory-based activities for behavioral symptoms of dementia (Kolanowski, Litaker, Buettner), 219

Depression
Anger dysregulation, depressive symptoms, and health in married women and men (Carrèr, Mittmann, Woodin, Tabares, Yoshimoto), 184

Diabetes Mellitus
Culturally tailored diabetes education program for Chinese Americans: a pilot study (Wang, Chan), 347

Discrimination
Health disparities, social injustice, and the culture of nursing (Giddings), 304

Downs, Florence
In Memoriam, 373

Editorial (Department)
Read fiction to know nursing (Dougherty), 73
Research thrust changing? At risk (Blegen), 1
A unique collaboration on a national goal (Dougherty), 287

Education
Culturally tailored diabetes education program for Chinese Americans: a pilot study (Wang, Chan), 347
Evaluating in-home training for fathers of children with autism using single-subject experimentation and group analysis methods (Elder, Valcante, Yarandi, White, Elder), 22
Family education and support interventions in heart failure: a pilot study (Dunbar, Clark, Deaton, Smith, De, O'Brien), 158

Emotional Intelligence
Mitigating the impact of hospital restructuring on nurses: the responsibility of emotionally intelligent leadership (Cummings, Hayduk, Estabrooks), 2

Ethical Issues
Research environments that promote integrity (Jeffers), 63

Exercise
Effectiveness of a behavioral change intervention in Thai elders after knee replacement (Harnirattisai, Johnson), 97
Midlife women's adherence to home-based walking during maintenance (Wilbur, Vassalo, Chandler, McDevitt, Miller), 33

Factor Analysis
Creation of a model of independence for community-dwelling elders in the United States (Baker), 288

Family
Evaluating in-home training for fathers of children with autism using single-subject experimentation and group analysis methods (Elder, Valcante, Yarandi, White, Elder), 22
Psychometric properties of the Grandparent Perceptions of Family scale (Rempusheski, O'Hara), 419

Family Intervention
Family education and support interventions in heart failure: a pilot study (Dunbar, Clark, Deaton, Smith, De, O'Brien), 158

Fatigue
Fatigue and fatigue-relieving strategies used by Hong Kong Chinese patients after hemopoietic stem cell transplantation (So, Tai), 48

Fetus
Effects of immediate versus delayed pushing during second-stage labor on fetal well-being: a randomized clinical trial (Simpson, James), 149

Gender
Anger dysregulation, depressive symptoms, and health in married women and men (Carrèr, Mittmann, Woodin, Tabares, Yoshimoto), 184

Geriatric Population
Clinical outcomes of aging in place (Marek, Popejoy, Petroski, Mehr, Rantz, Lin), 202
Creation of a model of independence for community-dwelling elders in the United States (Baker), 288
Developing and testing a self-care intervention for older adults in caregiving roles (Teel, Leenerts), 193
Effectiveness of a behavioral change intervention in Thai elders after knee replacement (Harnirattisai, Johnson), 97
A framework for studying the nutritional health of community-dwelling elders (Chen), 13
Older widows' experience of home care (Porter), 296
Reducing assaults against nursing home caregivers (Gates, Fitzwater, Succop), 119

Grandparents
Psychometric properties of the Grandparent Perceptions of Family scale (Rempusheski, O'Hara), 419

Guest Editorial (Department)
American Nurses Foundation: celebrating 50 years of service 1955-2005 (ANF Board of Trustees), 147
Revising manuscripts and grants (Dow), 217

Health and Retirement Study
Profiles of self-rated health in midlife adults with chronic illnesses (Finnegan, Marion, Cox), 167

Healthcare providers
Psychometric evaluation of the cultural competence assessment instrument among healthcare providers (Doorenbos, Schim, Benkert, Borse), 324

Health Disparities
Health disparities, social injustice, and the culture of nursing (Giddings), 304
Testing the theory of planned behavior to predict mammography intention (Steele, Porche), 332

Health Interventions
Culturally tailored diabetes education program for Chinese Americans: a pilot study (Wang, Chan), 347
Use of time studies for determining intervention costs (Findorff, Wyman, Croghan, Nyman), 280

Health Promotion
Developing and testing a self-care intervention for older adults in caregiving roles (Teel, Leenerts), 193

Health-related Quality of Life
Testing the psychometric properties of the Minnesota Living With Heart Failure Questionnaire (Heo, Moser, Riegel, Hall, Christman), 265

Health Status
Anger dysregulation, depressive symptoms, and health in married women and men (Carrèr, Mittmann, Woodin, Tabares, Yoshimoto), 184
Creation of a model of independence for community-dwelling elders in the United States (Baker), 288
Health disparities, social injustice, and the culture of nursing (Giddings), 304

Heart Failure
Family education and support interventions in heart failure: a pilot study (Dunbar, Clark, Deaton, Smith, De, O'Brien), 158
Testing the psychometric properties of the Minnesota Living With Heart Failure Questionnaire (Heo, Moser, Riegel, Hall, Christman), 265

Hemopoietic Stem Cell Transplantation
Fatigue and fatigue-relieving strategies used by Hong Kong Chinese patients after hemopoietic stem cell transplantation (So, Tai), 48

Hemostasis
Effects of three groin compression methods on patient discomfort, distress and vascular complications following a percutaneous coronary intervention procedure (Chlan, Sabo, Savik), 391

H&H Lactation Scale
A psychometric assessment of the H&H Lactation scale in a sample of Thai mothers using a repeated measurement design (Punthmatharith, Singh), 313

Hierarchical Linear Models
An analytic strategy for modeling multiple-item responses: a breast cancer symptom example (Doorenbos, Verbitsky, Given, Given), 229
Impact of centering first-level predictors on individual and contextual effects in multilevel data analysis (Wu, Wooldridge), 212

Hierarchical Models
The impact of hospital nursing characteristics on 30-day mortality (Estabrooks, Midodzi, Cummings, Ricker, Giovannetti), 74

Hierarchical Structure
Multilevel modeling of a clustered continuous outcome: nurses' work hours and burnout (Park, Lake), 406

HIV/AIDS
A randomized clinical trial of an HIV-risk-reduction intervention among low-income Latina women (Peragallo, DeForge, O'Campo, Lee, Kim, Cianelli, Ferrer), 108

Home Care Services
Older widows' experience of home care (Porter), 296

Hospital(s)
A meta-analysis of the effect of a hospital-based case management on hospital length-of-stay and readmission (Kim, Soeken), 255

Hospital Restructuring
Mitigating the impact of hospital restructuring on nurses: the responsibility of emotionally intelligent leadership (Cummings, Hayduk, Estabrooks), 2

Independence
Creation of a model of independence for community-dwelling elders in the United States (Baker), 288

Injury
Dating violence in college women: associated physical injury, healthcare usage, and mental health symptoms (Amar, Gennaro), 235
Predicting nosocomial bloodstream infections using surrogate markers of injury severity (El-Masri, Hammad, Fox-Wasylyshyn), 273

In Memoriam
Downs, Florence, 373

Institutional Ethics
Research environments that promote integrity (Jeffers), 63

Instrument Development
Evaluating content validity for children's self-report instruments using children as content experts (Stewart, Lynn, Mishel), 414

Insulin Resistance
African American women, metabolic syndrome, and National Cholesterol Education Program criteria: a pilot study (Appel, Floyd, Giger, Weaver, Luo, Hannah, Ovalle), 339

Integrative Review
Combining evidence in nursing research: methods and implications (Whittemore), 56

Interaction Model of Client Health Behavior
Profiles of self-rated health in midlife adults with chronic illnesses (Finnegan, Marion, Cox), 167

Item Response Theory
An analytic strategy for modeling multiple-item responses: a breast cancer symptom example (Doorenbos, Verbitsky, Given, Given), 229

Knee Replacement
Effectiveness of a behavioral change intervention in Thai elders after knee replacement (Harnirattisai, Johnson), 97

Labor and Delivery
Effects of immediate *versus* delayed pushing during second-stage labor on fetal well-being: a randomized clinical trial (Simpson, James), 149

Lactation
A psychometric assessment of the H&H Lactation scale in a sample of Thai mothers using a repeated measurement design (Punthmatharith, Singh), 313

Latin Population
A randomized clinical trial of an HIV-risk-reduction intervention among low-income Latina women (Peragallo, DeForge, O'Campo, Lee, Kim, Cianelli, Ferrer), 108

Leadership
Mitigating the impact of hospital restructuring on nurses: the responsibility of emotionally intelligent leadership (Cummings, Hayduk, Estabrooks), 2

Length of Stay
A meta-analysis of the effect of a hospital-based case management on hospital length-of-stay and readmission (Kim, Soeken), 255

Letters to the Editor (Department)
Response to Mar Blegen's editorial in the March/April issue of *Nursing Research* (Dreher), 218

Life History Study
Health disparities, social injustice, and the culture of nursing (Giddings), 304

Logistic Regression
Logistic regression and Bayesian networks to study outcomes using large data sets (Lee, Abbott, Johantgen), 133

Long-term Care
Clinical outcomes of aging in place (Marek, Popejoy, Petroski, Mehr, Rantz, Lin), 202
Reducing assaults against nursing home caregivers (Gates, Fitzwater, Succop), 119

Magnet Hospitals
The magnet process and the perceived work environment of nurses (Cimiotti, Quinlan, Larson, Pastor, Lin, Stone), 384

Mammography
Testing the theory of planned behavior to predict mammography intention (Steele, Porche), 332
Marginalization
Health disparities, social injustice, and the culture of nursing (Giddings), 304
Mental Health
Dating violence in college women: associated physical injury, healthcare usage, and mental health symptoms (Amar, Gennaro), 235
Meta-analysis
Combining evidence in nursing research: methods and implications (Whittemore), 56
A meta-analysis of the effect of a hospital-based case management on hospital length-of-stay and readmission (Kim, Soeken), 255
Metabolic Syndrome
African American women, metabolic syndrome, and National Cholesterol Education Program criteria: a pilot study (Appel, Floyd, Giger, Weaver, Luo, Hannah, Ovalle), 339
Metasynthesis
Combining evidence in nursing research: methods and implications (Whittemore), 56
Methods (Department)
Combining evidence in nursing research: methods and implications (Whittemore), 56
The Consolidated Standards of Reporting Trials (CONSORT): guidelines for reporting randomized trials (Bennett), 128
Impact of centering first-level predictors on individual and contextual effects in multilevel data analysis (Wu, Wooldridge), 212
Logistic regression and Bayesian networks to study outcomes using large data sets (Lee, Abbott, Johantgen), 133
Multilevel modeling of a clustered continuous outcome: nurses' work hours and burnout (Park, Lake), 406
Treatment fidelity in behavior change research: a case example (Resnick, Inguito, Orwig, Yahiro, Hawkes, Werner, Zimmerman, Magaziner), 139
Use of time studies for determining intervention costs (Findorff, Wyman, Croghan, Nyman), 280
Models/Modeling
Creation of a model of independence for community-dwelling elders in the United States (Baker), 288
Multilevel modeling of a clustered continuous outcome: nurses' work hours and burnout (Park, Lake), 406
Structural model for quality of life of patients with chronic cardiovascular disease in Korea (Han, Park, Park, Cheol), 85
Multilevel Models
Multilevel modeling of a clustered continuous outcome: nurses' work hours and burnout (Park, Lake), 406

Nonphysician Clinicians
Does it pay to pay? A randomized trial of prepaid financial incentives and lottery incentives in surveys of nonphysician healthcare professionals, (Ulrich, Danis, Koziol, et al), 178
Nosocomial Infection
Predicting nosocomial bloodstream infections using surrogate markers of injury severity (El-Masri, Hammad, Fox-Wasylyshyn), 273
Nurse Characteristics
The impact of hospital nursing characteristics on 30-day mortality (Estabrooks, Midodzi, Cummings, Ricker, Giovannetti), 74
Nursing Assistants
Reducing assaults against nursing home caregivers (Gates, Fitzwater, Succop), 119
Nursing Practice
Predictors of professional nursing practice behaviors in hospital setting (Manojlovich), 41
Nursing Theory
A framework for studying the nutritional health of community-dwelling elders (Chen), 13
Nutrition
A framework for studying the nutritional health of community-dwelling elders (Chen), 13

Organizational Models
Research environments that promote integrity (Jeffers), 63
Outcomes
Effectiveness of a nursing inpatient smoking cessation program in individuals with cardiovascular disease (Chouinard, Robichaud-Ekstrand), 243
The impact of hospital nursing characteristics on 30-day mortality (Estabrooks, Midodzi, Cummings, Ricker, Giovannetti), 74
Logistic regression and Bayesian networks to study outcomes using large data sets (Lee, Abbott, Johantgen), 133
Oxygen Saturation
Effects of immediate versus delayed pushing during second-stage labor on fetal well-being: a randomized clinical trial (Simpson, James), 149

Parent-Child Interaction
Evaluating in-home training for fathers of children with autism using single-subject experimentation and group analysis methods (Elder, Valcante, Yarandi, White, Elder), 22
Passivity
Efficacy of theory-based activities for behavioral symptoms of dementia (Kolanowski, Litaker, Buettner), 219
Patient Outcomes
Effectiveness of a nursing inpatient smoking cessation program in individuals with cardiovascular disease (Chouinard, Robichaud-Ekstrand), 243
The impact of hospital nursing characteristics on 30-day mortality (Estabrooks, Midodzi, Cummings, Ricker, Giovannetti), 74
Pediatric Population
Evaluating content validity for children's self-report instruments using children as content experts (Stewart, Lynn, Mishel), 414
Evaluating quality of life in children with cancer using children's self-reports and parent-proxy reports (Yeh, Chang, Chang), 354
Perception
The magnet process and the perceived work environment of nurses (Cimiotti, Quinlan, Larson, Pastor, Lin, Stone), 384
Psychometric properties of the Grandparent Perceptions of Family scale (Rempusheski, O'Hara), 363
Physical Activity
Effectiveness of a behavioral change intervention in Thai elders after knee replacement (Harnirattisai, Johnson), 97
Midlife women's adherence to home-based walking during maintenance (Wilbur, Vassalo, Chandler, McDevitt, Miller), 33
Physical Function
Creation of a model of independence for community-dwelling elders in the United States (Baker), 288
Physical Performance
Effectiveness of a behavioral change intervention in Thai elders after knee replacement (Harnirattisai, Johnson), 97
Prevention
A randomized clinical trial of an HIV-risk-reduction intervention among low-income Latina women (Peragallo, DeForge, O'Campo, Lee, Kim, Cianelli, Ferrer), 108
Proxy Reports
Evaluating quality of life in children with cancer using children's self-reports and parent-proxy reports (Yeh, Chang, Chang), 354
Psychometric Assessment
A psychometric assessment of the H&H Lactation scale in a sample of Thai mothers using a repeated measurement design (Punthmatharith, Singh), 313
Psychometric evaluation of the cultural competence assessment instrument among healthcare providers (Doorenbos, Schim, Benkert, Borse), 324
Psychometric properties of the Grandparent Perceptions of Family scale (Rempusheski, O'Hara), 419
The staff nurse Decisional Involvement Scale: report of psychometric assessments (Havens, Vasey), 376
Testing the psychometric properties of the Minnesota Living With Heart Failure Questionnaire (Heo, Moser, Riegel, Hall, Christman), 265

Quality of Life
Evaluating quality of life in children with cancer using children's self-reports and parent-proxy reports (Yeh, Chang, Chang), 354
Structural model for quality of life of patients with chronic cardiovascular disease in Korea (Han, Park, Park, Cheol), 85
Testing the psychometric properties of the Minnesota Living With Heart Failure Questionnaire (Heo, Moser, Riegel, Hall, Christman), 265

Randomized Clinical Trial
Effects of immediate versus delayed pushing during second-stage labor on fetal well-being: a randomized clinical trial (Simpson, James), 149
Randomized Controlled Trials
The Consolidated Standards of Reporting Trials (CONSORT): guidelines for reporting randomized trials (Bennett), 128
Randomized Trial
Does it pay to pay? A randomized trial of prepaid financial incentives and lottery incentives in surveys of nonphysician healthcare professionals, (Ulrich, Danis, Koziol, et al), 178
Readmission
A meta-analysis of the effect of a hospital-based case management on hospital length-of-stay and readmission (Kim, Soeken), 255
Recreational activity interventions
Efficacy of theory-based activities for behavioral symptoms of dementia (Kolanowski, Litaker, Buettner), 219
Recruitment
Application of CuSum technique to evaluate changes in recruitment strategies (McNees, Dow, Loerzel), 399
Repeated Measures
A psychometric assessment of the H&H Lactation scale in a sample of Thai mothers using a repeated measurement design (Punthmatharith, Singh), 313
Research Ethics
Research environments that promote integrity (Jeffers), 63
Risk Reduction
A randomized clinical trial of an HIV-risk-reduction intervention among low-income Latina women (Peragallo, DeForge, O'Campo, Lee, Kim, Cianelli, Ferrer), 108
Rural Population
Testing the theory of planned behavior to predict mammography intention (Steele, Porche), 332

Safety Issues
Reducing assaults against nursing home caregivers (Gates, Fitzwater, Succop), 119

Scientific Misconduct
Research environments that promote integrity (Jeffers), 63
Self-care
Developing and testing a self-care intervention for older adults in caregiving roles (Teel, Leenerts), 193
Self-efficacy
Predictors of professional nursing practice behaviors in hospital setting (Manojlovich), 41
Self-rated Health
Profiles of self-rated health in midlife adults with chronic illnesses (Finnegan, Marion, Cox), 167
Self-reports
Evaluating quality of life in children with cancer using children's self-reports and parent-proxy reports (Yeh, Chang, Chang), 354
Shared Governance
The staff nurse Decisional Involvement Scale: report of psychometric assessments (Havens, Vasey), 376
Single-Subject Experimentation
Evaluating in-home training for fathers of children with autism using single-subject experimentation and group analysis methods (Elder, Valcante, Yarandi, White, Elder), 22
Smoking Cessation
Effectiveness of a nursing inpatient smoking cessation program in individuals with cardiovascular disease (Chouinard, Robichaud-Ekstrand), 243
Social Ability
Creation of a model of independence for community-dwelling elders in the United States (Baker), 288
Social Justice
Health disparities, social injustice, and the culture of nursing (Giddings), 304
Sodium Restriction
Family education and support interventions in heart failure: a pilot study (Dunbar, Clark, Deaton, Smith, De, O'Brien), 158
Staffing
The impact of hospital nursing characteristics on 30-day mortality (Estabrooks, Midodzi, Cummings, Ricker, Giovannetti), 74
Structural Empowerment
Predictors of professional nursing practice behaviors in hospital setting (Manojlovich), 41
Structural Equation Model
Mitigating the impact of hospital restructuring on nurses: the responsibility of emotionally intelligent leadership (Cummings, Hayduk, Estabrooks), 2
Structural model for quality of life of patients with chronic cardiovascular disease in Korea (Han, Park, Park, Cheol), 85
Surrogate Markers
Predicting nosocomial bloodstream infections using surrogate markers of injury severity (El-Masri, Hammad, Fox-Wasylyshyn), 273
Surveys
Does it pay to pay? A randomized trial of prepaid financial incentives and lottery incentives in surveys of nonphysician healthcare professionals, (Ulrich, Danis, Koziol, et al), 178
Systematic Review
Combining evidence in nursing research: methods and implications (Whittemore), 56

Theory of Planned Behavior
Testing the theory of planned behavior to predict mammography intention (Steele, Porche), 332
Time Studies
Use of time studies for determining intervention costs (Findorff, Wyman, Croghan, Nyman), 280
Transplantation
Fatigue and fatigue-relieving strategies used by Hong Kong Chinese patients after hemopoietic stem cell transplantation (So, Tai), 48
Transtheoretical Model
Effectiveness of a nursing inpatient smoking cessation program in individuals with cardiovascular disease (Chouinard, Robichaud-Ekstrand), 243
Treatment Fidelity
Treatment fidelity in behavior change research: a case example (Resnick, Inguito, Orwig, Yahiro, Hawkes, Werner, Zimmerman, Magaziner), 139
Treatment Implementation
Developing and testing a self-care intervention for older adults in caregiving roles (Teel, Leenerts), 193

Vascular Complications
Effects of three groin compression methods on patient discomfort, distress and vascular complications following a percutaneous coronary intervention procedure (Chlan, Sabo, Savik), 391
Violence
Dating violence in college women: associated physical injury, healthcare usage, and mental health symptoms (Amar, Gennaro), 235
Reducing assaults against nursing home caregivers (Gates, Fitzwater, Succop), 119

Walking
Midlife women's adherence to home-based walking during maintenance (Wilbur, Vassalo, Chandler, McDevitt, Miller), 33
Widowhood
Older widows' experience of home care (Porter), 296
Women's Health
African American women, metabolic syndrome, and National Cholesterol Education Program criteria: a pilot study (Appel, Floyd, Giger, Weaver, Luo, Hannah, Ovalle), 339
An analytic strategy for modeling multiple-item responses: a breast cancer symptom example (Doorenbos, Verbitsky, Given, Given), 229
Dating violence in college women: associated physical injury, healthcare usage, and mental health symptoms (Amar, Gennaro), 235
Effects of immediate versus delayed pushing during second-stage labor on fetal well-being: a randomized clinical trial (Simpson, James), 149
Midlife women's adherence to home-based walking during maintenance (Wilbur, Vassalo, Chandler, McDevitt, Miller), 33
A psychometric assessment of the H&H Lactation scale in a sample of Thai mothers using a repeated measurement design (Punthmatharith, Singh), 313
A randomized clinical trial of an HIV-risk-reduction intervention among low-income Latina women (Peragallo, DeForge, O'Campo, Lee, Kim, Cianelli, Ferrer), 108
Testing the theory of planned behavior to predict mammography intention (Steele, Porche), 332
Workplace Environment
The impact of hospital nursing characteristics on 30-day mortality (Estabrooks, Midodzi, Cummings, Ricker, Giovannetti), 74
The magnet process and the perceived work environment of nurses (Cimiotti, Quinlan, Larson, Pastor, Lin, Stone), 384
Predictors of professional nursing practice behaviors in hospital setting (Manojlovich), 41
Reducing assaults against nursing home caregivers (Gates, Fitzwater, Succop), 119
